

2023 High School Events by Day

Tuesday, 7 March 2023

Events with a Digital Submission- Turn in on Judge Pro

Architectural Design	Drone Challenge (UAV)	Photographic Technology
Audio Podcasting	Engineering Design	Senior Solar Sprint
Biotechnology Design	Fashion Design and Technology	
Board Game Design	Flight Endurance	Transportation Modeling
Children's Stories	Future Technology and Engineering Teacher	
Data Science and Analytics	Geospatial Technology	Video Game Design
Debating Technological Issues	Manufacturing Prototype	Virtual Reality Visualization
Digital Video Production	Music Production	Webmaster

Monday, 27 March 2023

Physical Component Turn-in

Animatronics, Architectural Design, Audio Podcasting, Biotechnology Design, Board Game Design, Children's Stories, Data Science and Analytics- Preliminaries, Digital Video Production, Dragster Design, Drone Challenge (UAV), Engineering Design, Fashion Design and Technology, Flight Endurance, Future Technology and Engineering Teacher, Geospatial Technology, Manufacturing Prototype, Music Production, Photographic Technology, Promotional Design, Senior Solar Sprint, Structural Design and Engineering, Transportation Modeling, Video Game Design, Virtual Reality Visualization (VR)

Written Tests (Select tests may be available to complete BEFORE Conference):

Chapter Team, Coding, Forensic Science, Technology Bowl

Prompt Pickup: On Demand Video (~30 hours), Photographic Technology- (24 hours)

Day 1 Events:

Animatronics, Chapter Team, Coding, Children's Stories, Data Science and Analytics- Preliminaries, Debating Technological Issues, Dragster Design, Drone Challenge (UAV), Essays on Technology, Flight Endurance, Geospatial Technology, Prepared Presentation, System Control Technology, Webmaster

Tuesday, 28 March 2023

Event Turn-in Submit Entry by: 12:00pm Photographic Technology- Semifinalist
4:00pm On Demand Video

Day 2 Events:

Architectural Design, Audio Podcasting, Biotechnology Design, Board Game Design, Computer Aided Design, Architecture, Computer Aided Design, Engineering, Data Science and Analytics- Semifinalist Round, Digital Video Production, Engineering Design, Extemporaneous Speech- Preliminaries, Fashion Design and Technology, Forensic Science, Future Technology Teacher, Manufacturing Prototype, Music Production, Promotional Design, Senior Solar Sprint, Software Development, Structural Design and Engineering, System Control Technology- Demonstration, Transportation Modeling, Video Game Design, Virtual Reality Visualization (VR)
TSA VEX Competition- Spin Up

Wednesday, 29 March 2023

Day 3 Events:

Extemporaneous Speech- Semi-Finals, Technology Bowl, Technology Problem Solving
